Sacramento Builders Exchange	(916)442-8991

Note that this construction project will be covered by a "wrap" insurance policy. A Contractor Controlled Insurance Program (hereinafter "CCIP") is a centralized insurance program where the General Contractor purchases insurance on behalf of all the construction participants, regardless of tier, for all the labor performed on-site at the project. This contrasts with the typical approach whereby each party is responsible for purchasing its own insurance.

Enrollment in the CCIP program will be mandatory for all eligible subcontractors providing labor at this jobsite. We have provided a Field Procedures and Insurance Manual on our website at [<http://tpchousing.com/companies/pwb/bids.shtml>] explaining the details of this program.

Submit your bid as a gross bid with your own insurance coverage included. If selected, you will be asked to complete an Insurance Deduct Worksheet in order to calculate a CCIP credit. The CCIP credit will be a deduct to the total contract cost for the CCIP provided coverage.

The Insurance Deduct Worksheet will assist in calculating the total cost of your Workers' Compensation, Commercial General Liability and Excess/Umbrella coverage incorporated into your bid pricing. Please contact

us if you have any questions regarding the plans, bid procedures or insurance requirements for bidding this Project.

Pacific West Builders, Inc. reserves the right to reject any and all bids.
